

Addendum #1

Date: 01/27/12

Project: St. Joseph Public School High School Technology - Project 2344A

This addendum forms part of and modifies the Project Specifications, Contract Forms and Drawings dated 1/20/12. Bidders are to acknowledge receipt of the addendum on the bid forms.

Drawing Updates

The following new drawings are issued as part of this addendum:

TG.4, TC.1, T1.2D, 1.2G, T3.3, T3.4, T4.1, T4.3, T5.1, T6.1, T6.2, T6.5

Bid Forms

Word and Excel formatted bid forms are provided as part of this addendum. Respondents to the **Loose Equipment - Audio/Visual** package must include a completed printed copy of the Excel bid form attached to the main bid form as well as a digital copy of the completed excel file. All forms must be sealed within the bid response.

Existing Surveillance Cameras

SJPS has the following existing IP cameras with licenses that they plan to reuse for the High School:

Quantity 1 of CAM1 - Indoor camera

Quantity 1 of CAM5 - Indoor multiview 360 degree camera

Surveillance Camera bidders are to reduce the camera hardware and license counts based on the reuse of these existing hardware and licenses.

Questions and Answers

- 1) What are the "packages" and can they be bid separately?

Answer: Refer to bid forms section **25.2 Base Bid - Packages** for the seven individually biddable packages. Bidders may respond to one or more of these packages.

Partial bids (responding to selected items inside of the package) will only be accepted for the **Loose Equipment - Audio/Visual** package.

- 2) Can Crestron be bid in place of AMX?

Answer: The majority of control equipment deployed in the district is by AMX and this is preferred. Crestron can be offered as a voluntary alternate to AMX.
